

Lost Your Prescription Coverage Due to COVID-19?

Parachute Rx Can Help!

Parachute Rx is a prescription program available to those who have lost health coverage due to COVID-19. It is a temporary program that is simple and free to use.

With Parachute Rx, your costs for a one-month supply of medication are capped at \$25 for generic medications and at \$75 for brand name medications.

What You Need to Know:

Parachute Rx is NOT health insurance.

There is no enrollment fee or commitment to participate.

Available at more than 50,000 participating pharmacies.

Limited number of medications (approx. 40 brand name medications).

Available for a limited time.

Not for those who have any type of health coverage, including Medicare or Medicaid.
